LEADING REPUBLICAN BOLTS ROOT THE CHIEF SPEAKER SEVERAL THINGS DISCUSSED

PRATFORM FOLLOWS THE ST. LUNCHEON ON THE LAWN FOR FOREST RESERVE PROBLEM MOST IMPORTANT.

> Denver, Colo., Aug. 3 .- The conference between western stockmen and the federal special land committee was called to order at headquarters of the National Livestock association at 10 clock this morning by President F. J. Hagenbarth of Utah. Clifford Pinchot, chief forester of the government, F. H. Newell, in charge of the relamation service and 100 delegates representing every western state and territory were present. Secretary James Wilson of the department of agriculture was de-layed en route and did not reach here until tonight. Several delegates from Arizona and southern California wro lelayed in Arizona by washouts, but will arrive tomorrow The discussion today was on the bill

introduced in the last congress for the repeal of the stone, timber and desert land act and for the commitation clause of the homestead act. The pre-valling sentiment was against the bill. The delegates consider that the hometead act, especially as far as applica-le to the western country, should be nlarged rather than restricted

The discussion on the forest reserve problem brought out the fact that western stockmen are not opposed to the preservation of forests. Their grievance is that grazing and agricultural lands are often included in reerves from which stock are excluded. They also ask that the rules gove these reserves be modified so that may graze upon them as well as cat-de. The discussion had not concluded on adjournment tonight, and will be continued tomorrow morning. A committee on resolutions to consist of one member from each state and territory will be appointed in the morning. President Hagenbarth did not care to express an opinion on the state-ment of H. D. Call of Chicago to the effect that the present butchers' strike had broken the "meat trust," further than to say that it was a very important matter so far as the stockmen are concerned if true.
